Re: School Closure

Dear Bluegrass Christian Academy Families,

Thank you for your patience and understanding when these unforeseen school closures take place. We greatly appreciate your support and trust. In an effort to maintain transparent communication, I am writing to let you know of the main circumstances that led to our closure today while our local schools remained open.

The staff at BCA has kept a close eye on the increasing threat of severe weather and the trend of closures from our surrounding counties. The decision to close was influenced by the Nelson Co Emergency Management's recommendation to avoid unnecessary travel, the timing of the increased threat of severe weather, and a higher than normal presence of substitute teachers we had previously planned to be here.

Additionally, thank you for your patience in the timing of this letter. If you have any questions, please don't hesitate to contact me.

Sincerely,
Andrea Hutchins, Interim Head of School
