Announcements

Re-enrollment Edition

Thanks to all who attended the Open House on Thursday. As we finish the 23-24 year strong, I hope you are equally as excited as we are for the 24-25 school year. It is a joy to work unto the Lord as we refine our identity and purpose as BCA. I want to reiterate our commitment to Christ-centered, classical, and covenantal education. We are looking forward to growing with and alongside all of our BCA families, now and in the days, weeks, months, and years to come.

I would like to point you to areas on our website that are new and important for today and for planning for the 24-25 school year. Some of these were explained at Open House. If you have questions or need clarification, don't hesitate to reach out.

1. The [Online locker](#) has a link to [Re-enrollment Page](#)
2. The [Re-enrollment Page](#) has information for next year: re-enrollment instructions, tuition & fee schedule, school calendar, and our new Family Handbook.
3. The new Family Handbook has been updated to include a revised mission statement, our first vision statement, an updated philosophy of education, dress code, and other minor revisions throughout. **Please make sure you read the entire handbook.**
4. Click here for our [updated High School page](#). I encourage ALL families to read about our High School program- it is the culmination of the learning and groundwork laid in the Grammar (elementary) and Logic (middle school) years. While we are not anti-"college and career ready", you will not hear us use that phrase. We intentionally neglect to use trending progressive educational terms in hopes of painting the picture of what our educational focus and intentions truly are. A classically educated student is certainly ready for college and career... but our aims are much wider and higher. They are eternal.
5. On this page: [24-25 Information](#), you can read about the Pilot Programs for homeschool families we are offering next year as a way to gauge and evaluate potential new offerings and programs. This year, we have had the joy of opening our doors to homeschool families through our volleyball team and our part-time highschool offerings. These instances have proven to be mutually beneficial. Every program's impact on our school is evaluated, re-evaluated, and considered when planning for the future.
6. The Knight School had an information table setup at the open house. They will be a special guest during our summer camp program this year! Keep an eye out for more information about ALL our summer camp offerings as we approach the summer months.
7. Last, but certainly not least, please visit our [updated Chapel page](#) to read about how our Chapel program is purposefully connected to our Mission and Vision.
